How Dylan is Paid

Dylan is a salaried employee of Poole & Partners Investment Services Pty Ltd (PPI). His remuneration is not aligned to the recommendations of any particular investment or life insurance product or product issuer.

Advice Fees and Charges

Fees and charges are outlined in the FSG under "Our Fees" and will be disclosed in the advice document at the time of providing advice.

Service Standards

Dylan works closely with Accountants to service insurance, superannuation needs and provide specialist advice regarding structure/ownership and product/policy definitions options.

The initial and ongoing service is a priority for all clients and something he prides himself on. An ongoing annual review process is conducted for all insurance portfolios and to also ensure his clients situation is in line with their present level of cover. All claim requirements are dealt with by Dylan, where he deals with the insurance company on the client's behalf and handle all administration requirements. By handling claims internally with our Claims Management Service, it takes the time and stress off clients to ensure they can concentrate on getting better.

Dylan will complete an annual review to reassess a client's personal situation and ensure that client's bespoke portfolio is still aligned to their needs. This is in addition to regular portfolio monitoring and reporting. All advice provided is impartial and in clients best interest as Dylan and Poole & Partners Investments Services (PPI) are not aligned with any insurance companies or financial institutions.
